

LEGEND

Problem Type		★ Problem Area Identified Through Modeling	FEMA Floodplain	— River/Stream
Regional				
■ Bank Erosion	■ Bank Erosion	● Project Alternative Location	■ Zone AE	— Interstate
▲ Maintenance	▲ Maintenance	* Candidate Structure(s) for Floodproofing/Acquisition	— Calumet-Sag Channel	— US Highway
● Overbank Flooding	● Overbank Flooding	▨ DWP 100-year Inundation Area	— Watershed Boundary	— Major Road
◆ Pavement Flooding	◆ Pavement Flooding	⊘ Not Modeled in DWP	— Subwatershed Boundary	— Municipal Boundary
★ Ponding	★ Ponding			— Cook County Boundary
◆ Storm Sewer Flow Restriction	◆ Storm Sewer Flow Restriction
