# NOTES TO USER:

The inundation areas and water surface elevations shown on this map were developed as part of the Metropolitan Water Reclamation District of Greater Chicago's (MWRD) Stormwater Management Program. Specific details regarding the development of the new models used to generate the maps are described in MWRD's Detailed Watershed Plans, which are available for download at www.mwrd.org. To access, click on "Services & Facilities" in the top navigation bar, click on "Stormwater Management", and then click on "Stormwater Annual Reports and Publications" on the left navigation bar of the Stormwater Management webpage.

This map does not delineate floodways. The information contained on this map is in addition to and does not substitute for the relevant Federal Emergency Management Agency's (FEMA) Flood Insurance Study (FIS) and associated Flood Insurance Rate Map (FIRM).

Elevations stated on this map are consistent with the North American Vertical Datum (NAVD) 1988. Flood elevations must be compared to ground structures referenced to the same datum. Hydraulic profiles of modeled waterways are available for download at www.mwrd.org. To access, click on "Services & Facilities" in the top navigation bar, click on "Stormwater Management", and then click on "Inundation Maps & Profiles" on the left navigation bar of the Stormwater Management webpage.

The corporate limits shown on this map are based on the best information available at the time of study.

If you have questions on this map, please contact the MWRD's Engineering Department-Stormwater Management Section, at 312-751-5600, or via e-mail Stormwater@mwrd.org.
