

Spyropoulos part of conference

Commissioner Mariyana Spyropoulos, chairman of finance at the Metropolitan Water Reclamation District (MWRD) of Greater Chicago, recently addressed dozens of German and U.S. water technology experts at the Willis Tower, as part of Sustainable Water Technologies Business Conference & Delegation, a one-day event organized by the German American Chamber of Commerce. Spyropoulos discussed sustainable solutions and cutting-edge technologies for the water sector, the history and work of MWRD and shared ideas on how to work together.
