Re: Metropolitan Water Reclamation District – FYE December 31, 2022 GASB 74 Disclosures
and Preliminary FYE December 31, 2023 GASB 75 Disclosures – FINAL Report

Dear Members of the Board:

Metropolitan Water Reclamation District of Chicago (MWRD) retained Foster & Foster Consulting Actuaries Inc. to provide all necessary schedules required to comply with the Governmental Accounting Standards Board No. 74 (“GASB 74”) and No. 75 (“GASB 75”) for the Retiree Health Care Benefit Plan (“the Plan”). The GASB 74 and 75 results are applicable for MWRD’s fiscal years ending December 31, 2022 and December 31, 2023, respectively. The schedules related to GASB 74 can be found in Appendix 1. The Crossover Test supporting the single discount rate calculation can be found in Appendix 2.

Actuarial calculations under GASB 74 and 75 are for purposes of fulfilling MWRD’s financial accounting requirements. The calculations contained herein have been made on a basis consistent with our understanding of GASB 74 and 75.

The valuation has been conducted in accordance with all applicable federal laws and regulations, as well as generally accepted actuarial principles and practices, including the applicable Actuarial Standards of Practice as issued by the Actuarial Standards Board; specifically No. 6 for Measuring Retiree Group Benefit Obligations, No. 23 for Data Quality, No. 27 for Selection of Economic Assumptions for Measuring Pension Obligations, and No. 35 for Selection of Demographic and Other Noneconomic Assumptions for Measuring Pension Obligations. GASB 74 and 75 requires that each significant assumption reflect the client’s best estimate of the Plan’s future experience solely with respect to that assumption. In our opinion, the assumptions and methods used in this valuation, as adopted by the District, represent reasonable expectations of anticipated plan experience under GASB 74 and 75.

In performing the analysis, we used third-party software to model (calculate) the underlying liabilities and costs. These results are reviewed in the aggregate and for individual sample lives. The output from the software is either used directly or input into internally developed models to generate the costs. All internally developed models are reviewed as part of the process. As a result of this review, we believe that the models have produced reasonable results. We do not believe there are any material inconsistencies among assumptions or unreasonable output produced due to the aggregation of assumptions.

In conducting the valuation, we have relied on personnel and plan design information supplied by the District personnel, and the actuarial assumptions and methods described in the Actuarial Assumptions section of this report. While we cannot verify the accuracy of all this information, the supplied information was reviewed for consistency and reasonableness. Because of this review, we have no reason to doubt the substantial accuracy of the information and believe that it has produced appropriate results. This information, along with any adjustments or modifications, is summarized in various sections of this report.

The total OPEB liability is determined by an actuarial valuation of benefits every two years. In interim years, disclosures may be developed based on results of the most recent actuarial valuation. The total OPEB Liability and certain sensitivity information shown in this report are based on the most recent actuarial valuation performed as of December 31, 2021, and certain results were projected to the measurement date using generally accepted actuarial methods. The next actuarial valuation will be conducted as of December 31, 2023. It is our opinion that the assumptions used for this purpose are internally consistent, reasonable, and comply with the requirements under GASB 74 and 75.

This report shows detailed summaries of the financial results of the valuation and membership data used in preparing this valuation. The actuaries prepared supporting schedules that are to be included in the Actuarial and Statistical Sections of the MWRD Annual Comprehensive Financial Report. The actuary prepared the trend data schedules to be included in the Financial Sections of the MWRD Retiree Health Care Trust Annual Comprehensive Financial Report. The schedules include:

- OPEB Expense and Net OPEB Liability
- Supplements to Notes to the Financial Statements:
 - Schedule of Changes in the Net OPEB Liability
 - Schedule of Net OPEB Liability Sensitivities
- Schedule of Deferred Inflows of Resources and Deferred Outflows of Resources Related to OPEB
- Schedule of Changes in the Total OPEB Liability and Related Ratios
- Schedule of Contributions
- Schedule of Components of OPEB Expense and Related Amortization Schedules
- Reconciliation of Changes in Unfunded Liability
- Summary of Membership Data
- Schedule of Active Member Valuation Data

The measurements shown in this actuarial valuation may not be applicable for other purposes. Future actuarial measurements may differ significantly from the current measurements presented in this report due to factors such as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period); and changes in plan provisions or applicable law. Retiree group benefits models necessarily rely on the use of approximations and estimates and are sensitive to changes in these approximations and estimates. Small variations in these approximations and estimates may lead to significant changes in actuarial measurements.

Due to the limited scope of this report an analysis of the potential range of such future measurements has not been performed.

This report was prepared for the internal use of Metropolitan Water Reclamation District in connection with our actuarial valuation of the Plan for the purpose noted above and not for reliance by any other person. Foster & Foster Consulting Actuaries, Inc. disclaims any contractual or other responsibility or duty of care to others based upon the services or deliverables provided in connection with this report.

This report does not purport to comply with any other purposes not stated herein. Significantly different results from what is presented in this report may be needed for other purposes.

This document was not intended or written to be used, and it cannot be used, for the purpose of avoiding U.S. federal, state, or local tax penalties. This includes penalties that may apply if the transaction that is the subject of this document is found to lack economic substance or fails to satisfy any other similar rule of law.

Foster & Foster does not provide legal, investment or accounting advice. Thus, the information in this report is not intended to supersede or supplant the advice or the interpretations of the District or its affiliated legal, investing or accounting partners.

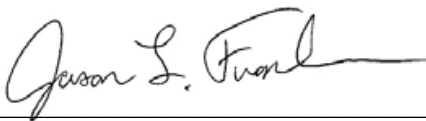

The undersigned actuaries are familiar with the immediate and long-term aspects of OPEB valuations, are members of the Society of Actuaries and the American Academy of Actuaries and meet the "Qualification Standards for Actuaries Issuing Statements of Actuarial Opinion in the United States" related to postretirement medical and life insurance plans. All the sections of this report are considered an integral part of the actuarial opinions.

Retirees, Beneficiaries, and Disabled Members	1,959
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	31
Covered Spouses	<u>924</u>
Total Participants	4,641

Covered payroll was projected to the measurement date using applicable salary increase assumptions.

SECTION 1 – Executive Summary

District Funding Policy:

There is currently no legal requirement for the District to partially or fully fund the OPEB Plan. It is our understanding that the Board of Commissioners adopted an advance funding policy (last amended October 2, 2014) with a goal of fully funding the Plan over a period of 12 years. The funding amount is currently targeted at \$5 million in addition to the Actuarially Determined Contribution in each of the ten years 2017 through 2026, with no further advance funding contributions required after 2026. The Trust is expected to begin paying retiree claims and premiums beginning in 2027, with a maximum withdrawal of \$10 million per year until such a time as the funded level is 100% for all future years.

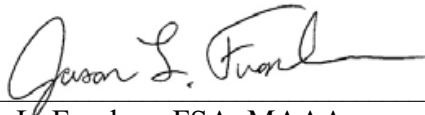

Changes since the Prior Valuation

- All assumptions, census data, and methods are the same as the prior valuation.

The balance of this report presents additional details of the actuarial valuation and the general operation of the Fund. The undersigned would be pleased to meet with the Board of Trustees to discuss the report and any pending questions concerning its contents.

Respectfully submitted,

FOSTER & FOSTER, INC.

SECTION 2 – Notes to Financial Statements

SECTION 2 – NOTES TO THE FINANCIAL STATEMENTS (For the Year Ended December 31, 2023)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICES

Postemployment Benefits Other Than Pensions (OPEB):

For purposes of measuring the net OPEB Liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's Retiree Health Care Plan (Plan) and additions to/ deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

GENERAL INFORMATION ABOUT THE OPEB PLAN

Plan Description:

The Metropolitan Water Reclamation District of Chicago Retiree Health Care Benefit Plan (Plan) is a single employer defined benefit postemployment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under the District's retirement plan to continue health coverage as a participant in the District's plan.

Employees Covered by Benefit Terms. At December 31, 2021, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	1,552
Beneficiaries of Deceased Plan Members Currently Receiving Benefits	407
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	31
Active Plan Members	1,727
	<u>3,717</u>

Benefits Provided:

The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage in accordance with the plan. All full-time employees of the District with at least ten actual years of service are eligible to receive postemployment benefits. Coverage for retirees and their eligible spouse is provided for life. Coverage for dependent children is provided in accordance with the eligibility provisions of the District-sponsored health plan. The Trust was established to advance fund benefits provided under the Plan.

SECTION 2 – Notes to Financial Statements

Eligibility for Insurance Coverage:

Employees must have at least ten actual years of service with the District, and coverage does not commence until the member starts receiving payments from the District's Retirement Fund. District Commissioners must have at least six years of service as a Commissioner of the District. Eligibility is based on the employee's hire date as follows: age 50 for those hired on or before June 13, 1997, age 55 for those hired between June 13, 1997 and January 1, 2011 and age 62 for those hired on or after January 1, 2011.

Health Care Insurance:

Retirees who meet the age and service requirements above are eligible for medical and prescription drug benefits payable for life.

Contributions:

The Metropolitan Water Reclamation District's Retiree Health Care Plan (Plan) is a single employer defined benefit postemployment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet certain eligibility requirements to continue medical and prescription drug coverage as a participant in the District's plan. Spouses and dependents of eligible retirees are also eligible for medical and prescription drug coverage in accordance with the plan. All full-time employees of the District who meet the age and service requirements are eligible to receive postemployment health care benefits. Lifetime coverage for retirees and their eligible spouses is provided. Coverage for dependent children is also provided in accordance with the eligibility provisions of the District-sponsored health plan. The Trust was established to advance fund benefits provided under the Plan.

Under the terms of the Plan, the Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly toward the cost of health insurance premiums.

The retiree contribution rates are set based on prior year claims incurred and become effective January 1st each year. The retiree contribution rate utilized is based on the contribution rate policy established by the Board of Commissioners. This policy calls for a 2.5% increase in the contribution rate on January 1st of each year until the contribution rate reaches 50.0% in 2021. The retiree contribution rate for 2021 and after is 50.0%.

In future years, contributions are assumed to increase at the same rate as claims expenditures.

SECTION 2 – Notes to Financial Statements

Investment Policy:

The following was the Board’s adopted asset allocation policy as of December 31, 2022.

<u>Asset Class</u>	<u>Target Allocation</u>
Broad Fixed Income	20.0%
Core Plus Fixed Income	15.0%
Large Cap Core Equity	17.5%
Large Cap Growth Equity	7.5%
Mid Cap Core Equity	7.5%
Small Cap Value Equity	5.0%
Small Cap Core Equity	7.5%
Global Low Volatility	5.0%
Non US Large Cap Core Equity	15.0%
Total	<u>100%</u>

Concentrations:

The Plan did not hold investments in any one organization that represent 5 percent or more of the Fund's Fiduciary Net Position.

Rate of Return:

For the year ended December 31, 2022 the annual money-weighted rate of return on investments, net of investment expense, was -16.43 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts invested.

Receivables:

If the OPEB plan reported receivables from long-term contracts with the District for contributions, the OPEB plan should disclose information required by paragraph 34c of this Statement.

Allocated Insurance Contracts:

If the OPEB plan had allocated insurance contracts that are excluded from OPEB plan assets, the OPEB plan should disclose information required by paragraph 34d of this Statement.

SECTION 2 – Notes to Financial Statements

SECTION 2 – NOTES TO FINANCIAL STATEMENTS (For the Year Ended December 31, 2023)

NET OPEB LIABILITY

The measurement date is December 31, 2022.

The measurement period for the OPEB expense is January 1, 2022 to December 31, 2022.

The reporting period is January 1, 2023 through December 31, 2023.

The District's Net OPEB Liability was measured as of December 31, 2022.

Actuarial Assumptions:

The Net OPEB Liability was determined by an actuarial valuation as of December 31, 2021, and projected to the measurement date using the following actuarial assumptions:

Inflation Rate	2.50%
Salary Increase Rate(s)	Varies by Service
Discount Rate	6.50%
Initial Trend Rate	7.50%
Ultimate Trend Rate	4.00%
Years to Ultimate	53
Investment Rate of Return	6.50%

For all employees, mortality rates were based on the RP-2000 combined health mortality tables with fully generational mortality improvements using scale AA, with rates for female members increased by a factor of 1.04.

SECTION 2 – Notes to Financial Statements

The Long-Term Expected Rate of Return:

The Long-Term Expected Rate of Return on OPEB Plan investments is determined using a building-block method in which best-estimate rates of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the Long-Term Expected Rate of Return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of December 31, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Broad Fixed Income	20.0%	4.90%
Core Plus Fixed Income	15.0%	5.80%
Large Cap Core Equity	17.5%	6.80%
Large Cap Growth Equity	7.5%	6.80%
Mid Cap Core Equity	7.5%	7.30%
Small Cap Value Equity	5.0%	7.70%
Small Cap Core Equity	7.5%	7.90%
Global Low Volatility	5.0%	6.80%
Non US Large Cap Core Equity	15.0%	7.50%
Total	<u>100%</u>	

The Long-Term Expected Rate of Return calculated using the method described above exceeds 6.50% (assuming 2.50% inflation).

Discount Rate:

The projection of cash flows used to determine the Discount Rate assumed that current Plan Member and District contributions will be made at the current contribution rate (i.e. funding policy). The expected rate of return on trust investments is 6.50%. It is our understanding that the District has adopted a funding policy as of October 2, 2014 with the intention of fully funding the plan by 2026 and maintaining 100% funding thereafter. The District will begin drawing benefit payments from the Trust at that time, with an upper limit of \$10 million per year for the first five years. The District has shown that they are following the funding policy completely and will continue to do so. Therefore, the expected return on investments was used to discount projected benefit payments for all future benefit payments, and the single equivalent rate was 6.50%.

SECTION 6 – Funding Progress—Solvency Test

SECTION 6 – FUNDING PROGRESS—SOLVENCY TEST

The funding progress exhibit below demonstrates the Trust’s solvency over time. In a short-term solvency test, assets available for benefits are compared to:

1. Member contributions on deposit;
2. The actuarial accrued liability for future benefits payable to persons who have retired or terminated; and
3. The actuarial accrued liability for future projected benefits payable to current active members.

Generally, if a system has been using level contribution rate financing, the portion fully funded in each category listed above will increase over time.

SECTION 9 – Actuarial Assumptions and Funding Methods

Marital Status 100% assumed married, with male spouses 3 years older than female spouses.

Health Care Participation 80% participation assumed (previously 90%), with 76% electing spouse coverage.

Future retirees are assumed to elect medical plans in the same proportion as the 2019 elections for current enrollees. The current enrollments are 24% with HMO and 76% with PPO.

Medicare Participation 100% of members are assumed to enroll in Medicare if eligible and hired on or after April 1, 1986. It is assumed that 93% of members will enroll in Medicare if hired before April 1, 1986.

Health Care Inflation Initial rate of 7.50% in fiscal 2022, grading down to the ultimate trend rate of 4.00% in fiscal 2075.

Fiscal Year	Rate
2022	7.50%
2023	7.25%

2072-2074	4.25%
2075+	4.00%

The above rates reflect recent healthcare trend rate surveys, blended with the long-term rates from the Getzen model published by the Society of Actuaries.

Medicare Advantage Cost Increases 3.50% per year

SECTION 9 – Actuarial Assumptions and Funding Methods

Medical Aging (Morbidity) Factors

Developed based on a study performed by Dale Yamamoto for the Society of Actuaries. Used to measure the annual increases in per capita claim costs for each age and relative cost by gender. See the SOA report titled “Health Care Costs – From Birth to Death” for more details.

Health Claims

(Medicare and Non-Medicare)

Developed using a 50/50 blend of i) the 2021 medical and prescription claims and enrollment experience; and ii) 2022 age-adjusted premium rates.

Funding Method

Entry Age Cost Method (level percentage of pay).

SECTION 9 – Actuarial Assumptions and Funding Methods

DISCUSSION OF CENSUS DATA AND ASSUMPTIONS

All census data, methods, and assumptions are the same as the prior valuation for the year ending December 31, 2021.

SECTION 10 – Summary of Plan Provisions

SECTION 10 – SUMMARY OF PLAN PROVISIONS

Credited Service

Total completed years of employment with the District.

Eligibility for Insurance Coverage

At least 10 years of service with the District. Coverage does not commence until the member starts receiving payments from the District's Retirement Fund. Earliest eligibility is based on the member's hire date as follows:

Hired on or before June 13, 1997: Age 50

Hired after June 13, 1997 and before January 1, 2011: Age 55

Hired on or after January 1, 2011: Age 62

Health Care Insurance

Retirees who meet the age and service requirements above are eligible for medical and prescription drug benefits payable for life.

Health Contributions

Retiree

Retirees pay a portion of the premium each year based on the i) adjusted premium developed based on actual claims experience and ii) the contribution rate policy established by the Board of Commissioners. The policy calls for a 2.5% increase in the contribution rate on January 1st or each year until the contribution rate reaches 50%, projected to be in 2021. The contribution rate for 2021 is 50%.

District

Remaining amount necessary for payment of claims.

NOTES TO THE FINANCIAL STATEMENTS (For the Year Ended December 31, 2022)

GENERAL INFORMATION ABOUT THE OPEB PLAN

Plan Description:

The Metropolitan Water Reclamation District of Chicago Retiree Health Care Benefit Plan (Plan) is a single employer defined benefit postemployment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under the District’s retirement plan to continue health coverage as a participant in the District’s plan.

Employees Covered by Benefit Terms. At December 31, 2021, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	1,552
Beneficiaries of Deceased Plan Members Currently Receiving Benefits	407
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	31
Active Plan Members	<u>1,727</u>
	<u><u>3,717</u></u>

Benefits Provided:

The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage in accordance with the plan. All full-time employees of the District with at least ten actual years of service are eligible to receive postemployment benefits. Coverage for retirees and their eligible spouse is provided for life. Coverage for dependent children is provided in accordance with the eligibility provisions of the District-sponsored health plan. The Trust was established to advance fund benefits provided under the Plan.

Eligibility for Insurance Coverage:

Employees must have at least ten actual years of service with the District, and coverage does not commence until the member starts receiving payments from the District’s Retirement Fund. District Commissioners must have at least six years of service as a Commissioner of the District. Eligibility is based on the employee’s hire date as follows: age 50 for those hired on or before June 13, 1997, age 55 for those hired between June 13, 1997 and January 1, 2011 and age 62 for those hired on or after January 1, 2011.

Health Care Insurance:

Retirees who meet the age and service requirements above are eligible for medical and prescription drug benefits payable for life.

APPENDIX 1– GASB 74 Disclosure for Plan Year 2022

Contributions:

The Metropolitan Water Reclamation District’s Retiree Health Care Plan (Plan) is a single employer defined benefit postemployment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet certain eligibility requirements to continue medical and prescription drug coverage as a participant in the District’s plan. Spouses and dependents of eligible retirees are also eligible for medical and prescription drug coverage in accordance with the plan. All full-time employees of the District who meet the age and service requirements are eligible to receive postemployment health care benefits. Lifetime coverage for retirees and their eligible spouses is provided. Coverage for dependent children is also provided in accordance with the eligibility provisions of the District-sponsored health plan. The Trust was established to advance fund benefits provided under the Plan.

Under the terms of the Plan, the Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly toward the cost of health insurance premiums.

The retiree contribution rates are set based on prior year claims incurred and become effective January 1st each year. The retiree contribution rate utilized is based on the contribution rate policy established by the Board of Commissioners. This policy calls for a 2.5% increase in the contribution rate on January 1st of each year until the contribution rate reaches 50% in 2021. The retiree contribution rate for 2021 and after is 50.0%.

In future years, contributions are assumed to increase at the same rate as claims expenditures.

Investment Policy:

The following was the Board’s adopted asset allocation policy as of December 31, 2022.

<u>Asset Class</u>	<u>Target Allocation</u>
Broad Fixed Income	20.0%
Core Plus Fixed Income	15.0%
Large Cap Core Equity	17.5%
Large Cap Growth Equity	7.5%
Mid Cap Core Equity	7.5%

Small Cap Core Equity	7.5%
Global Low Volatility	5.0%
Non US Large Cap Core Equity	15.0%
Total	<u>100%</u>

APPENDIX 1– GASB 74 Disclosure for Plan Year 2022

Concentrations:

The Plan did not hold investments in any one organization that represent 5 percent or more of the Fund's Fiduciary Net Position.

Rate of Return:

For the year ended December 31, 2022 the annual money-weighted rate of return on investments, net of investment expense, was -16.43 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts invested.

Receivables:

If the OPEB plan reported receivables from long-term contracts with the District for contributions, the OPEB plan should disclose information required by paragraph 34c of this Statement.

Allocated Insurance Contracts:

If the OPEB plan had allocated insurance contracts that are excluded from OPEB plan assets, the OPEB plan should disclose information required by paragraph 34d of this Statement.

APPENDIX 1– GASB 74 Disclosure for Plan Year 2022

NET OPEB LIABILITY OF THE DISTRICT

The measurement date for GASB 74 reporting is December 31, 2022.

The reporting period is January 1, 2022 through December 31, 2022.

The District's Net OPEB Liability was measured as of December 31, 2022.

The Total OPEB Liability used to calculate the Net OPEB Liability was determined as of that date.

The components of the Net OPEB Liability of the District on December 31, 2022 were as follows:

Total OPEB Liability	\$ 352,428,624
Plan Fiduciary Net Position	264,148,401
District's Net OPEB Liability	<u>\$ 88,280,223</u>
Plan Fiduciary Net Position as a percentage of the Total OPEB Liability	74.95%

Actuarial Assumptions:

The Total OPEB Liability was determined by an actuarial valuation as of December 31, 2021, and projected to the measurement date using the following actuarial assumptions:

Inflation Rate	2.50%
Salary Increase Rate(s)	Varies by Service
Discount Rate	6.50%
Initial Trend Rate	7.50%
Ultimate Trend Rate	4.00%
Years to Ultimate	53
Investment Rate of Return	6.50%

For all employees, mortality rates were based on the RP-2000 combined health mortality tables with fully generational mortality improvements using scale AA, with rates for female participants adjusted by a factor of 1.04.

APPENDIX 1– GASB 74 Disclosure for Plan Year 2022

The Long-Term Expected Rate of Return:

The Long-Term Expected Rate of Return on OPEB Plan investments is determined using a building-block method in which best-estimate rates of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the Long-Term Expected Rate of Return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of December 31, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Broad Fixed Income	20.0%	4.90%
Core Plus Fixed Income	15.0%	5.80%
Large Cap Core Equity	17.5%	6.80%
Large Cap Growth Equity	7.5%	6.80%
Mid Cap Core Equity	7.5%	7.30%
Small Cap Value Equity	5.0%	7.70%
Small Cap Core Equity	7.5%	7.90%
Global Low Volatility	5.0%	6.80%
Non US Large Cap Core Equity	15.0%	7.50%
Total	<u>100%</u>	

The Long-Term Expected Rate of Return calculated using the method described above exceeds 6.50% (assuming 2.50% inflation).

Discount Rate:

The projection of cash flows used to determine the Discount Rate assumed that current Plan Member and District contributions will be made at the current contribution rate (i.e. funding policy). The expected rate of return on trust investments is 6.50%. It is our understanding that the District has adopted a funding policy as of October 2, 2014 with the intention of fully funding the plan by 2026 and maintaining 100% funding thereafter. The District has shown that they are following the funding policy completely and will continue to do so. Therefore, the expected return on investments was used to discount projected benefit payments for all future benefit payments, and the single equivalent rate was 6.50%.

APPENDIX 1– GASB 74 Disclosure for Plan Year 2022

Sensitivity of the Net OPEB Liability to changes in the Discount Rate as of December 31, 2022:

The following presents the Net OPEB Liability of the District, as well as what the District's Net OPEB Liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

	1% Decrease 5.50%	Current Discount Rate 6.50%	1% Increase 7.50%
Net OPEB Liability (asset)	\$ 134,723,919	\$ 88,280,223	\$ 49,822,410

Sensitivity of the Net OPEB Liability to changes in the Healthcare Cost Trend Rates as of December 31, 2022:

The following presents the Net OPEB Liability of the District, as well as what the District's Net OPEB Liability would be if it were calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

	1% Decrease 3.00% - 6.50%	Healthcare Cost Trend Rates 4.00% - 7.50%	1% Increase 5.00% - 8.50%
Net OPEB Liability (asset)	\$ 43,621,828	\$ 88,280,223	\$ 142,144,869

OPEB Plan Fiduciary Net Position:

Detailed information about the OPEB Plan's Fiduciary Net Position is available in a separately issued Plan financial report.
